

## Chalet Nanouk - Sleeps 12

This traditional, Val d'Isere, farm building upholds a classic Alpine chalet feel yet benefits from all the little luxuries and extra space to offer the perfect retreat after a hard day on the slopes. Refurbished with local stone and wood and maintaining the original quirky features, this homely chalet is set to exceed expectations.

Encompassing three floors, there is room a plenty for a large family or group of friends. Bedrooms are spacious with ample storage and the living room, when the log fire is roaring, is a great place to sink into the sofas and tuck into afternoon tea! With room for everybody to put their feet up, stories of the day's (or previous night's) antics are bound to start flowing! Our large terrace and walled garden are the perfect place for building snowmen and enjoying the views of the Solaise mountain.

For those with weary limbs, we recommend pampering yourself in the wellness area. Soak away the aches and pains of a hard day on the mountain in the large hot tub or ease your muscles in the private steam room. With massage and beauty treatments arranged on request (paid for locally) you'll be feeling refreshed and ready to go again in no time.

When it comes to the snow, Nanouk is a moment's walk from the bus stop but to save carrying all that awkward equipment we offer an on-call driver service at set times in the morning and evenings!
